

Health & Safety Essentials - E-Learning

Course Aim

This training course looks at responsibilities and legal requirements, hazards and risks, safety signs, PPE and workplace emergency procedures such as fire evacuation and calling the emergency services.

Available in over 35 languages

Our courses are machine translated* into a variety of popular International languages, so regardless of location or language preference, we've got you covered. Our machine translated content includes the translation of course transcripts and test questions.

**Content which is not English may be machine translated and is for assistive purposes only. We cannot guarantee the accuracy of translations.*

Agenda

The course modules cover:

- The Hazards
- Health and safety responsibilities

Certification

Delegates will receive a HSS printable certificate in Health & Safety Essentials upon completion of the course.

This course is approved and accredited by IOSH.

Who Should Attend?

This Essential Health and Safety Training covers the key areas of Health & Safety that organisations are legally obliged to train their staff in. This introduction to the major topics in health & safety aims to help to keep workplaces safe.

Course Duration

This is a 45 minute course.
